advanced knowledge of software
Adobe InDesign, Illustrator,
Photoshop, Acrobat

consolidated knowledge of printing
artistic print methods like letterpress-,
gravure-, lithographic-, screenprinting

sewing & crafting with paper, textiles,
plastic and recycled materials

WORK EXPERIENCE

2011 till now

When I finished my studies at the FH Joanneum Graz two colleagues and I won the competition for the best design for the "Design Month Graz 2011". At the Creative Industries Styria we were responsible for the whole festival print matter – from our own concept to realization.

Right after that big project in Graz I moved to Berlin, did internships and then became part of the team at "einhorn solutions berlin". As a graphic designer for print works, primarily specializing in Editorial and Newspaper Design my responsibilities were mostly conception, development, creation and re-design of Magazines and Newspapers. From the first layout designs to print, including all steps of implementation, typesetting and pre-print.

For my personal illustration projects I focus on artistic print methods like letterpress-, gravure-, lithographic-, and screenprinting which I have learned at the "Druckwerkstatt im Kulturwerk des bbk berlin" at Bethanien and the "FHXB Museum" Berlin.

LANGUAGE SKILLS

german (native)
english, fluent in speech and writing
spanish (learning)
